No. 1 Commerce flows here.

No. 1 Princes Dock comprises 162 apartments and is fully occupied, with several apartment buildings nearby too. The ground floor commercial space is situated in an extremely prominent location at the entrance to Princes Dock with an expansive frontage onto William Jessop Way and an enviable waterfront vista. It has significant outdoor space to the front of the building and is en route to the Hill Dickinson Stadium.

We love being part of the vibrant Liverpool Waters estate. At Moose Coffee, we have a great location on William Jessop Way overlooking the dock and its fantastic amenities, and we look forward to lots more exciting developments this year."

Liverpool Waters.

This is Liverpool Waters.

Liverpool Waters is the transformational waterside development, reimagining and regenerating former industrial docklands into the most exciting, emerging district in Liverpool.

Running along Liverpool's iconic and internationally recognised waterfront and Liverpool's commercial business district with the city centre, Liverpool Waters' location is unrivalled and one of the most sought-after locations in the UK.

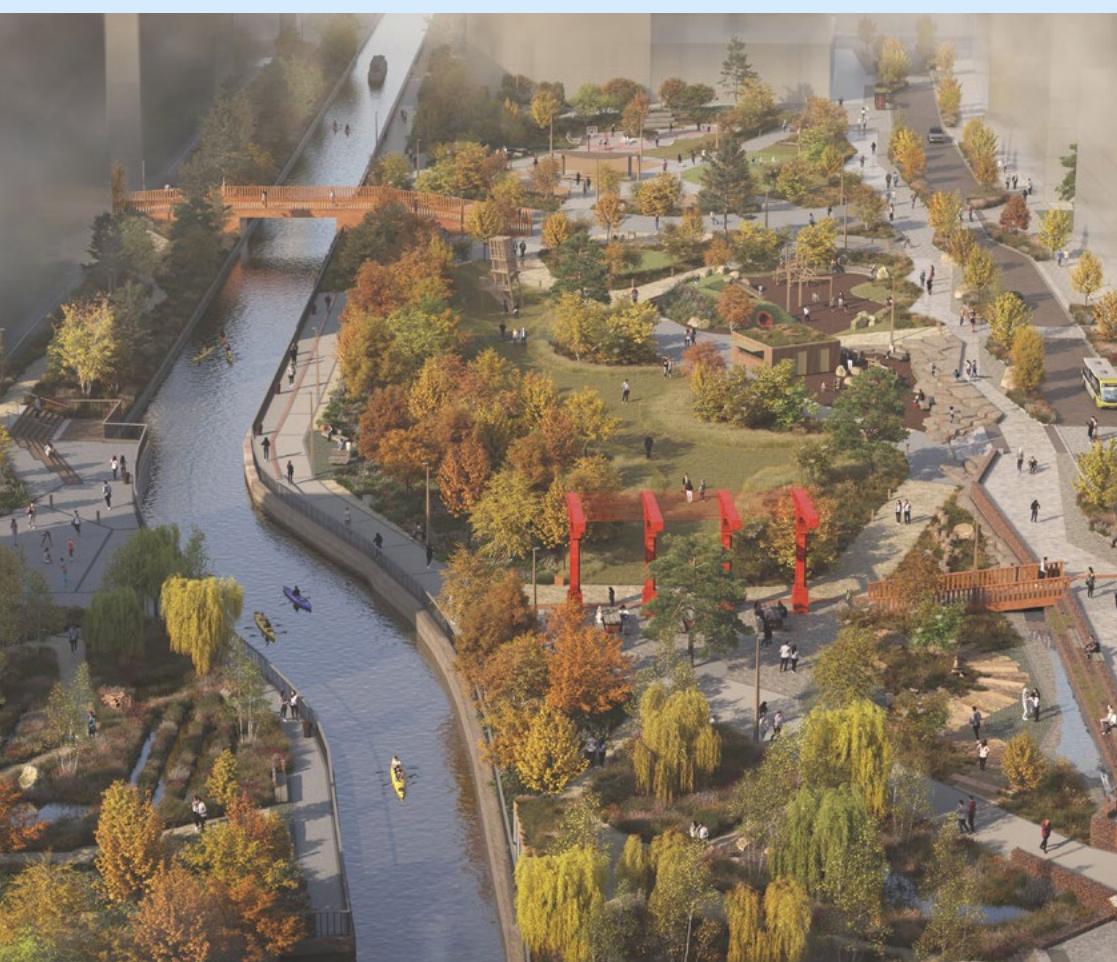

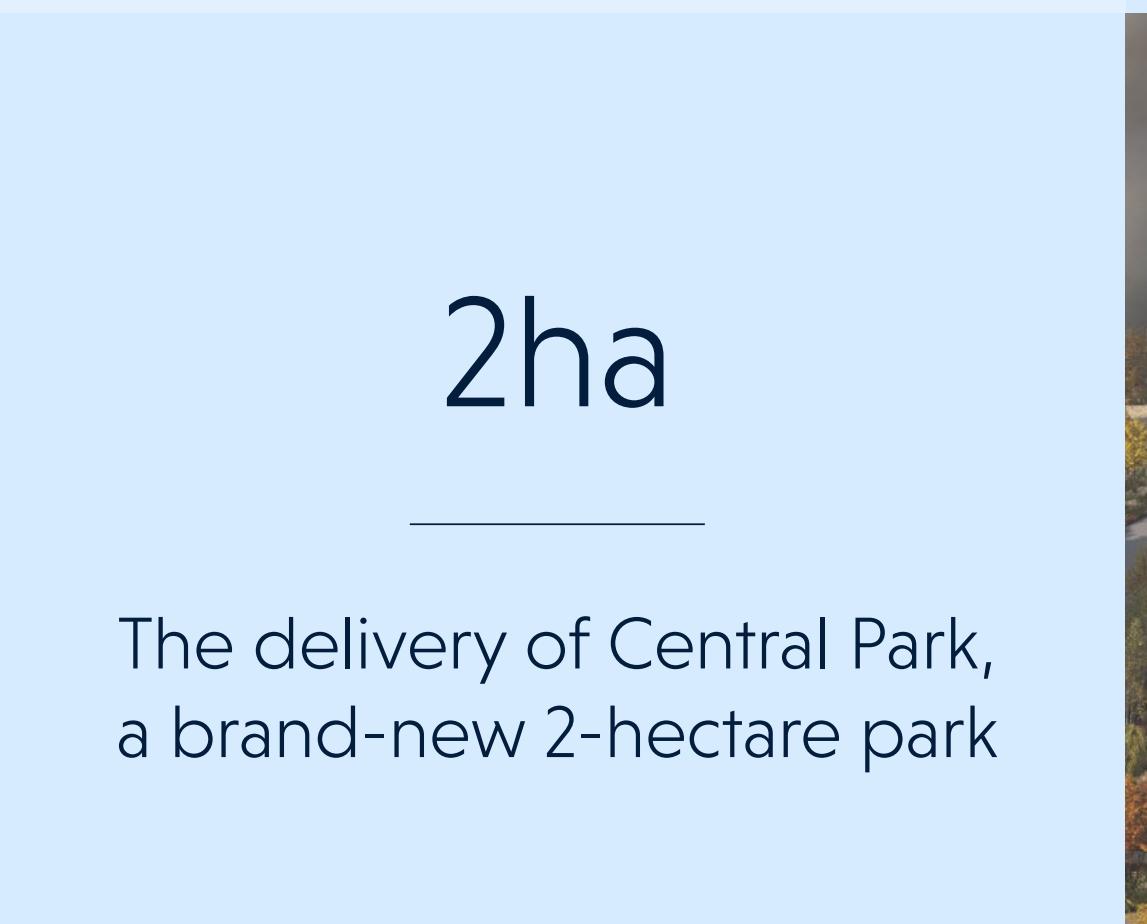

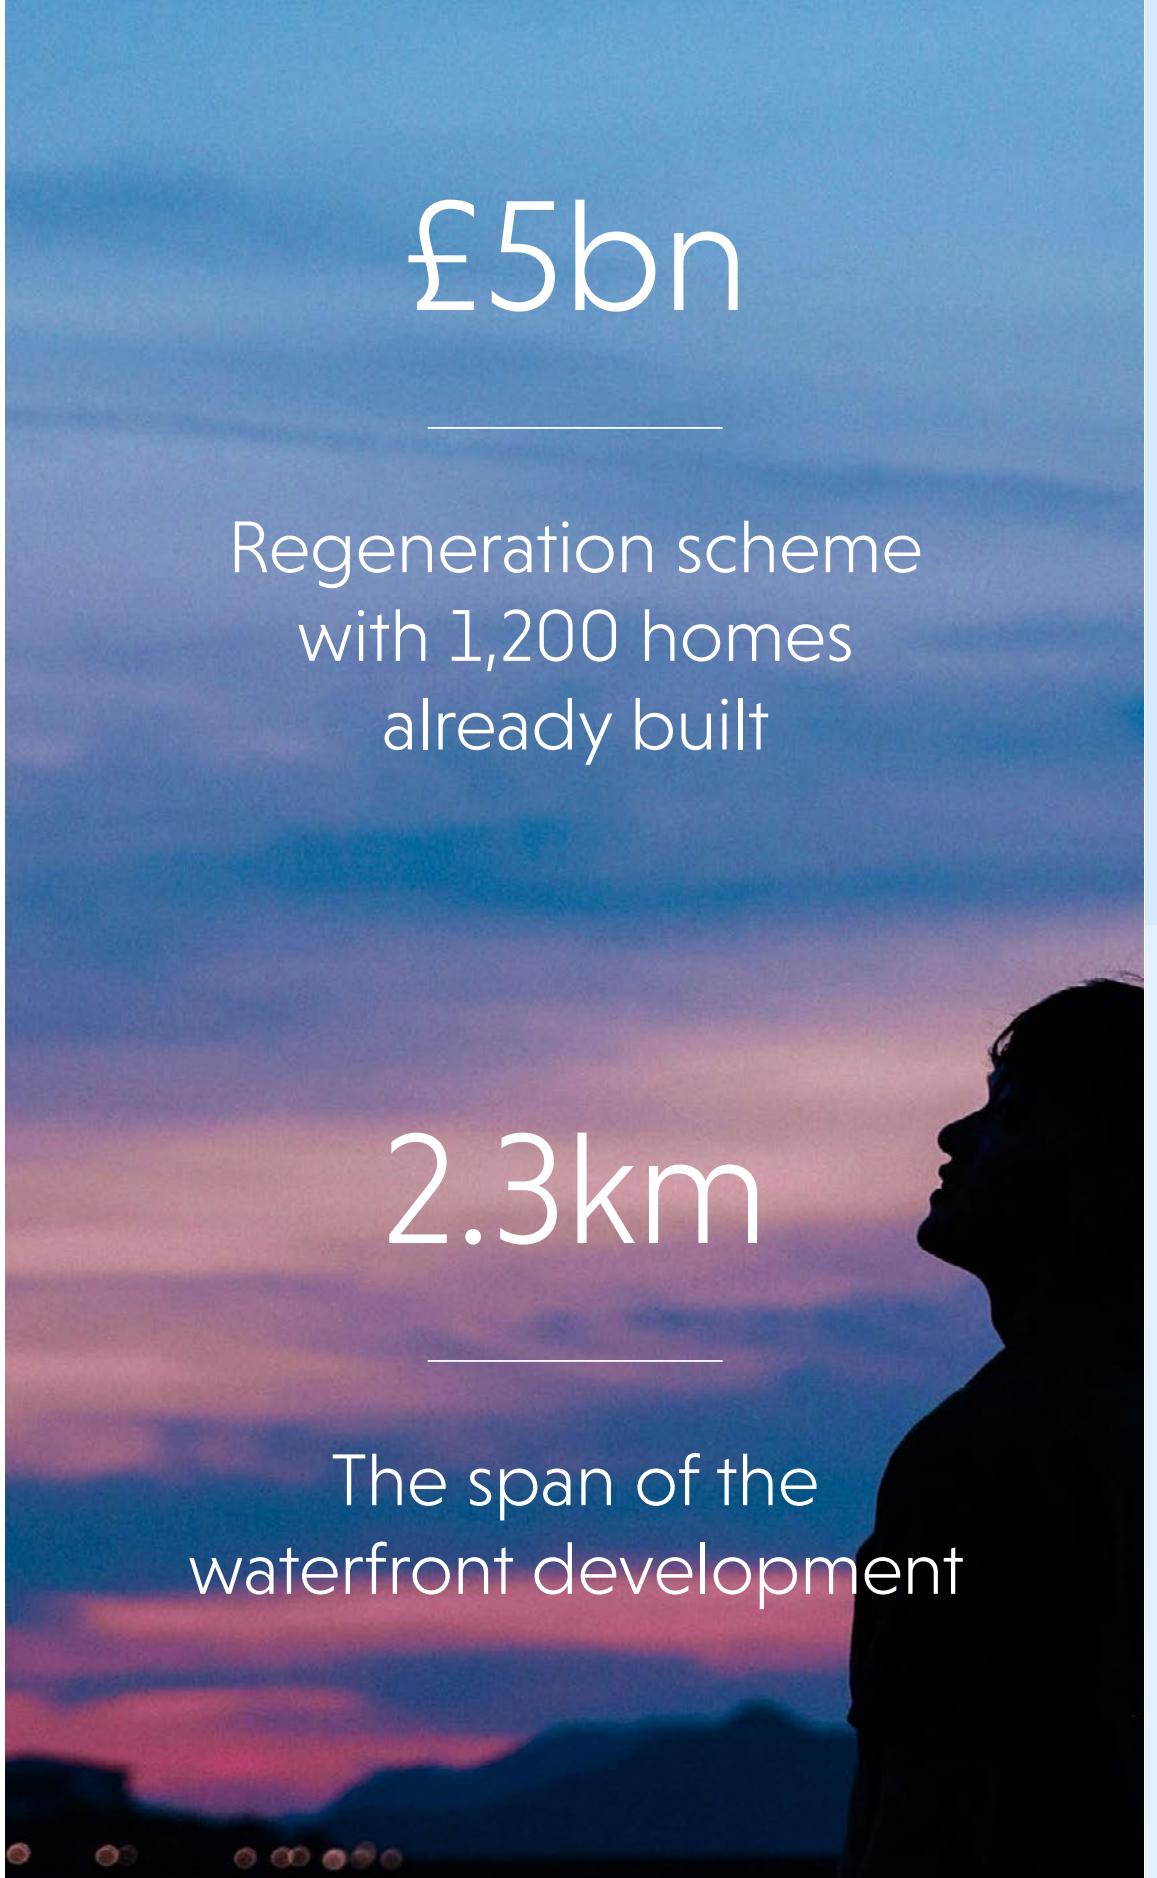

Liverpool Waters
Flythrough

Overview.

Liverpool Waters is the largest single development opportunity in the city, bringing life back to the historic northern docklands, completely transforming them into a sustainable, high-quality, mixed-use waterside destination over the next 30 years.

About Liverpool.

01

Liverpool is witnessing a period of excellent growth built on its increasing population, fantastic transport links, pro-active city council and a number of major regeneration projects.

03

The popularity of the city among students also fuels the youthful population with c. 79% of residents within a 1km radius of Liverpool Central Station aged between 15 and 34. This a key renter demographic, who we are also seeing remain in rented accommodation for longer periods of time.

05

Highlighted by The Data City as **The UK's Top City for Growth** identifying key sectors including Logistics / Software Development / Business Support Services as real boom industries in the city.

02

The city is a hub for enterprise, business and the arts with major projects in the city including Liverpool Waters, new Cruise Liner Terminal, new major Film studio and state of the art new football stadium for Everton FC.

04

Liverpool is a young and vibrant city known for its rich culture and historic waterfront. The City of Liverpool has a population of c. **500,000** and this is expected to grow by c. **6%** by 2030. The wider city region has a population of c. **1,551,500**.

06

Liverpool is a popular student city with a student population of over **60,000** across three universities which makes the city attractive to employers wanting to tap into this highly qualified workforce.
